

Planning for that job

Use this guide to help you get the job that you want. Answer the questions below, then note down your next steps to achieving job success.

What skills do you already have?

Note down your experience, skills and strengths that will help you land your next role.

What's your career or job goal?

Do you want something that will pay the bills, something to achieve a life-long career or something to pass the time quickly?

What can you do next to achieve your goal?

Your first step might be to update your CV, to upskill in something, or to attend a networking event. Break it down into smaller steps to make it more achievable.

What support do you need?

Who can help you achieve your next steps and your job or career goals?
Are there any resources you can use to help?

Your pledge

I am going to achieve
